We Are Norbury!

Learners Today. Leaders Tomorrow. Make Every Moment Count!

As we approach the end of another vibrant term, I'm delighted to reflect on the wealth of experiences our pupils have enjoyed. Our school has been abuzz with activity, and I'm thrilled to share some highlights with you.

Our NMP News and News Listing area has been brimming with exciting content, capturing the essence of our school life. From the charming EYFS Nativity play to the thought-provoking productions by Years 1, 3, and 4, our pupils have showcased their talents brilliantly. The Eco Challenge Week and Winter Fayre demonstrated our commitment to sustainability and community spirit, while World Science Day ignited curiosity and wonder among our young scientists.

Our news listings have been equally packed with memorable events. We've seen our pupils don festive jumpers, engage in craft activities, and participate in important workshops like the Year 6 Growing Against Violence event. The Key Stage One harvest experience was a delightful celebration of autumn, and No Pens Day encouraged creative thinking beyond the written word. Our Year 5 and 6 footballers made us proud at Crystal Palace Football Grounds, while Year 2 pupils stepped back in time with their Fire of London Workshop. The Autumn 1 Rainbow Event brought colour and joy to our school community.

I'd like to extend a heartfelt thank you for your tremendous support at the Christmas Fayre. Together, we raised an impressive £1,150, which will be invested in gardening equipment for our Eco team, as well as interventions and music equipment. Your generosity will enrich our pupils' learning experiences in meaningful ways

Eco -Enterprise Week

Monday December 9th – Thursday December 12th

Making upcycled gifts to sell at Friday's Winter Fair after school .

Throughout the week the children will experience the whole Enterprise process of:

- **Organising and Planning**
- **Team-working**
- **Product & Service Design**
- **Effective Communication**
- **Financial Literacy**
- **Promotion of the message of recycling, Eco School , sustainability**

Wellbeing Pharmacy First

On a practical note, I'd like to bring your attention to a new NHS-funded service available at local Boots pharmacies. This service offers convenient access to advice and treatment for seven common conditions, potentially helping children feel better and return to school more quickly. The conditions covered include:

- Earache (aged 1 to 17 years)
- Impetigo (aged 1 year and over)
- Infected insect bites and stings (aged 1 year and over)
- Sore throats (aged 5 years and over)
- Sinusitis (aged 12 years and over)
- Uncomplicated urinary tract infections (UTIs) in women (aged 16 to 64 years)
- Shingles (aged 18 years and over

No appointment is necessary, and if treatment is provided, your GP will be informed to update health records.

We learn in our own way and in our own time
