We Are Norbury!

Learners Today. Leaders Tomorrow. Make Every Moment Count!

As we reflect on the vibrant Spring term, I'm delighted to share the wonderful events and achievements that have enriched our school life. Our pupils have been busy exploring, learning, and celebrating in various ways.

From the charming EYFS Spring Parade to educational trips to Kew Gardens and the Tower of London, our children have been immersed in exciting learning experiences. The Mother's Day event was a heartwarming success, and it was truly special to see so many mothers and significant women in our pupils' lives in attendance. I must, however, gently remind everyone of the importance of completing sign-up forms for our events. This ensures we have adequate resources and maintain a safe environment for all.

Our school spirit shone brightly during the Rainbow event, Year 5 assembly, and World Book Day celebrations. The Netball tournament was a particular highlight, with our team displaying exceptional skill and teamwork as they progressed to the finals – well done to all involved!

British Science Week ignited curiosity and wonder, while our Warhammer Club enjoyed a thrilling trip. It's also worth mentioning that one of our classes earned the attendance prize – a testament to their commitment to learning. You can explore our videos and images through NMP News and News Listing links above.

In exciting news, our Nursery has welcomed three new feathered friends as part of their Egg topic. These young chicks will be cared for by our budding young vets, who'll be working towards their Pet award as they introduce the newcomers to our adult hens.

I'm thrilled to report on the success of our first Nurture parent event. It was wonderful to see parents engaging in activities alongside their children. We now run three Nurture groups twice a week, and I encourage you to learn more about these sessions through the link provided.

Norbury Manor Primary School continues to evolve to support all our pupils. Our innovative hubs, collaborations with organisations like the Dyslexia Association and Nurture UK, and our pursuit of the Nurture and Dyslexia awards showcase our commitment to inclusive education. You can now find updates on our achievements in the media on our website's new NMP in the Media page.

We learn in our own way and in our own time

Lastly, please note that the academic dates for 2025/2026 are now available on our school website. There's been a change to the last day of term due to staff INSET – it's now Friday 18th July 2025 at 15:15. Children are welcome to wear their own clothes on that day.

As always, thank you for your continued support and engagement in our school community. Together, we're creating a nurturing environment where every child can thrive and succeed.

REMINDER

On a practical note, I'd like to bring your attention to a new NHS-funded service available at local Boots pharmacies. This service offers convenient access to advice and treatment for seven common conditions, potentially helping children feel better and return to school more quickly. The conditions covered include:

Earache (aged 1 to 17 years)
Impetigo (aged 1 year and over)
Infected insect bites and stings (aged 1 year and over)
Sore throats (aged 5 years and over)
Sinusitis (aged 12 years and over)
Uncomplicated urinary tract infections (UTIs) in women (aged 16 to 64 years)
Shingles (aged 18 years and over
No appointment is necessary, and if treatment is provided, your GP will be informed to update health records
